Here are some reasons for choosing Unity LSS

- **Service** has many meanings to many people but at Unity LSS it means doing the job right the first time and delivering beyond expectations.
- **Time** is money and one call to Unity LSS can replace numerous calls and hours on the phone to other providers. We leverage our innovative transportation management solutions and our extensive network of service minded partners to give you the best service at the best price.
- **Capacity** is the key to success in this day and age! Unity LSS has the capacity! This makes your job easier.
- **Reliability** should not be a luxury and with Unity LSS. We monitor every load through to delivery, so you don't have to.
- **Experience** makes a difference and our team of logistics professionals has the experience to foresee problems in advance. Proactive solutions prevent service failures and transit delays.
- **Tracking** is done from the initial quote through to the delivery. Our team tracks and monitors each load and communicates any problems that may arise along the way.
- **Dedicated** operations and customer service staff are assigned to each customer. This way you always know who to call if the need arises.
- **Responsibility** is what we take on every customer load! We treat your freight as if it was our own and we do what it takes to deliver on-time, in good condition with no problems!

We understand that you may not know everything about shipping freight. That's why our freight and trucking specialists are here to painlessly guide you through the entire shipping process from pickup to delivery. Simply tell us what you need to ship, the origin and destination, and when you need to ship. We'll take care of everything else:

We have offices strategically located in:

- Kabul
- Kandahar
- Helmand Province

The road to your delivery should be clearer now!
