

UNITY IN PAKISTAN

Operational & Logistical Support already in place

Experienced Executive Team with prior US Government Contract support in Pakistan

Core Capabilities in Pakistan:

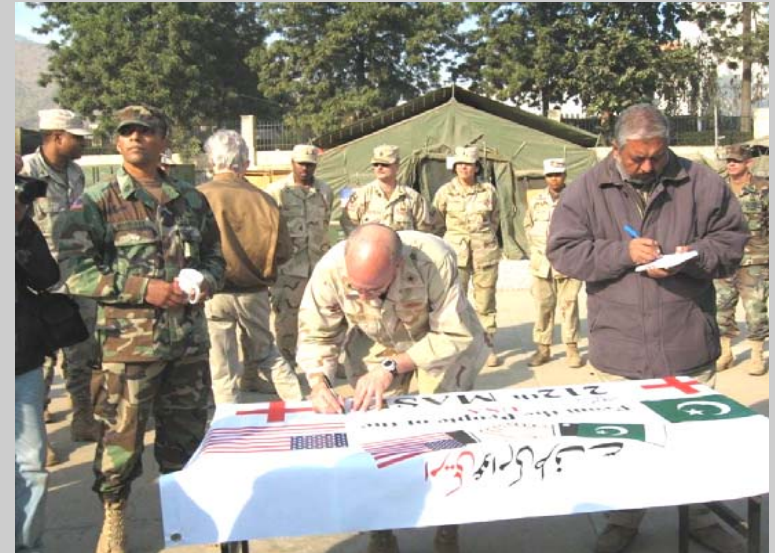

- Life Support Services
- Construction
- Power Generation
- Supplies & Delivery
- Installation
- Maintenance of Security Equipment
- Ballistic Steel
- Armored Vehicles
- Transportation services
- Local Labor

UNITY ON THE GROUND

- Unity's success is based on a highly experienced team of US Expats with prior military, DOD contracting and field experience supporting a range of US Government Contracts in various locations across the world.
- Unity has experience in not only supporting US Government Contracts in Pakistan, but also a proven business model of success in war-torn, high-risk and logistically-challenging environments.
- Unity's deep relationships with Pakistani Officials make us uniquely positioned to manage air/sea shipments through customs & expedite delivery of supplies throughout Pakistan

UNITY IN THE CAMPS

- Since 2005, we have employed vetted Pakistani officers and NCOs to support US Government and local contracts in Pakistan.
- Unity currently employs 10 full time Pakistani Retired Officers to oversee project support and new business.
- Unity has strategic relationships with local suppliers to get the best pricing, quality supplies and manpower support.
- Unity has database of over 1,000 Pakistani Nationals, fully vetted by US security & background clearances, including Non-Conviction Letters and past performance verification on US Government Contracts

AFTER THE EARTHQUAKE

- Unity's Management Team acted as subcontractor/supplier to support the US Military during the Pakistan earthquake disaster relief efforts and MASH unit medical support
